## **Senior Solicitor – Community Care**

We are currently recruiting a senior solicitor to head up and develop our community care team. We have a number of community care contracts and offices including a central London office a short walk from the Royal Courts of Justice. This provides flexibility for the successful candidate as to where they would be based. Candidates must have an excellent grasp of all areas of community care law including the funding provisions as well as have a passion for representing vulnerable clients. Ideally the candidate will already have been supervising a team and have a proven record in the development of a team including marketing opportunities.

We are offering a competitive salary and opportunities for further progression within this expanding and dynamic firm.

Salary and benefits will be negotiable and will reflect experience of the candidate.

**Please send your CV and covering letter to [recruitment@gtstewart.co.uk](mailto:recruitment@gtstewart.co.uk)**
